Attendee Profile

RE · WORK

Deep Learning & Advanced Machine Learning Summit

February 11-12, 2025 | San Jose

JOB TITLES

AI Project Lead
Algorithm Engineer
Assistant Professor
Business Development Executive
Business Intelligence Manager
Business Solutions Architect
CEO
CFO
Chief AI Officer
Chief Customer Officer
Chief Data Officer
Chief Data Scientist
Chief Innovation & Strategy Officer
Chief Scientific Officer
Chief Scientist
CIO
Co-Founder
Computer Vision Engineer
CTO
Data Engineer
Data Scientist
Developer
Digital Channel Manager
Director, BI & Analytics
Director, Data Engineering

Director, ML
Director, R&D
Engineer Manager
Engineering Student
Enterprise Architect
Founder
Global Head of AI Technology
Global Lead, Tech & Digital Solutions
Graduate Research Assistant
Head of AI Research
Head of Analytics
Head of Data Science
Head of Innovation
Head of Emerging Technology
Head of Integrated Solutions
Head of Product
Head of Research
Head of Technology
Innovation Director
Investor
Lead Architect
Lead Data Scientist
Lead, Developer & Adoption Strategy
Lead ML Engineer
Lead Software Engineer

Machine Learning Developer
Machine Learning Engineer
Machine Learning Researcher
Manager, Software Engineering Managing Director
Marketing Director
Principal
Principal Data Scientist
Product Delivery Manager
Product Lead
Product Manager
Product Marketing
Product Owner
Professor
Programme Manager
Project Manager
Quantitative Analyst
Research Assistant
Research Scientist
Senior Account Manager
Senior Advisor
Senior Data Architect
Senior Data Scientist
Senior Director, Data Science
Senior Director of ML/AI

Senior Engineer
Senior Manager
Senior Machine Learning
Researcher Senior Predictive
Modeller
Senior Research Scientist
Senior Staff Software Engineer
Software Architect
Software Developer
Software Engineer Solution
Architect Space Systems Engineer
Staff Software Engineer
Student
Technical Architect
Technical Lead
Technology Consultant
VP, Engineering
VP Business Operations
VP, Digital Solutions
VP & GM, Global Services
VP, Machine Learning & Data
VP Marketing & BD
VP, Platform
VP, Research
VP, Sales
VUX/VUI Designer

FIELD OF INTEREST

Architectural Practices
Applied Machine Learning
Back Propagation
Black Box Problem
Computer Vision
Cloud Computing
Data Efficiency
Data Labelling
Deep Learning Algorithms
Deep Learning Use Cases
Data Modelling
Deep Neural Networks
Feature Extraction
Increase Data Quality
Learning Rate Decay
LSTM Networks Meta-Learning
New Concepts & Solutions
NLP
Robotics
Scaleable AI
Speech Recognition
Training Data
Training from Scratch

COMPANIES

Accenture
