

THE INFORMATION INTELLIGENCE COMPANY

Automation • Insights • Value

ABOUT US

Founded in 2017, Orion is headquartered in the Silicon Valley with offices in the US, Europe, and Asia. Orion applies comprehensive automation to data lineage and governance processes to create a self-defined data fabric that delivers unique insights to end users, empowering them to drive value from data.

PLATFORM

Orion's Enterprise Information Intelligence Graph (EIIG) ingests information from more than 60 different technologies to automatically stitch a near real-time, self-defined data fabric. It is the most comprehensive knowledge graph in the industry, and provides the visualizations necessary to catalog, trace, trust and analyze while promoting confidence, transparency and governance of the enterprise landscape.

WHY ORION

Save time

- Discover your highest quality information in just a few weeks across all of your Information Technology Landscape.

Drive innovation

- Empower your employees with rapid insights to your information, lowering your operational costs and increasing revenue.

Reduce risk

- Achieve and maintain compliance

Get in control

- Key to legacy modernization projects is understanding existing systems. Migrate only what is required and validate with confidence.
