AI Summit West

RE·WORK

Featuring:
Deep Learning Summit
Enterprise AI Summit

February 13-14, 2024
Santa Clara, CA
Santa Clara Marriott

Bridging the gap between the latest technological research advancements and real-world applications in business and society.

About the
AI Summit West

Why you should attend

Network with like-minded delegates
UnitedHealthcare, LinkedIn, Johnson & Johnson and Walmart are already on the list and so should you!

Be inspired by industry experts
Meet the experts and innovators of the biggest Deep Learning and AI applications across industries.

Discover the latest industry trends
Our lineup of speakers will be cutting through the clutter and sharing the most cutting-edge advancements in Deep Learning and Enterprise AI..

Access exclusive speaker content
Participation gives you access to 2 days of talks, presentations, panel discussions, and exclusive reports as well as on-demand access after the event to never miss out!

Conference at a glance

2-in-1 Conference experience

Your ticket gives you access to ALL tracks plus the deep dive sessions throughout the 2 day conference.

Deep Learning Summit

Discover advances in machine learning & deep learning tools and techniques from the world's leading innovators across industries.

FIND OUT MORE

Enterprise AI Summit

Discover how AI & machine learning are impacting regulatory processes from leading innovations across industry, research and regulatory bodies.

FIND OUT MORE

Prices and available tickets

Available Tickets*	Summit pass	Plus pass	On-demand access
Super Early Bird (until December 8)	$ 995.00	$ 1,295.00	
Early Bird (until January 12)	$ 1,295.00	$ 1,595.00	
Standard Price (until February 2)	$ 1,595.00	$ 1,895.00	$349.00
Last Chance	$ 1,895.00	$ 2,195.00	
Vendor Pass (until February 2)	$ 1,995.00	$ 2,295.00	
Vendor Last chance	$2,295.00	$2,595.00	
Access to all sessions from all stages	✔	✔	
Complimentary lunch and refreshments	✔	✔	
Access to all presentations and slides post-event		✔	✔
Access to networking events	✔	✔	
Exclusive industry report post-event	✔	✔	✔

Meet our expert speakers

Past Speakers include

Girija Narlikja Narlikar
Director of Engineering
Instcart

Ipsita Mohanty
Applied Scientist / Software
Engineer, Machine Learning
- Technical Lead
Walmart Global Tech

Tamara B Sipes
Chief Data Scientist
UnitedHealthCare

Richard Socher
CEO
You.ccm

Venkata Duvvuri
Adjunct Professor, Analytics
& NLP Researcher
Northeasteastern University

Roopnath Grandhi
Product Leader,
Entrepreneur, AI Leadership
Johnson & Johnson

Sam Stone
Director of Product
Management,
Pricing & Data
Opendoor

Dan Hendrycks
Computer Science PhD
UC Berkeley

Uliana Popov
Data Manager,
International | Deep
Learning Engineer, NLP
Yummly | AI vs. COVID-19
Initiative

Don't take our word for it. See what previous attendees say!

"It was a wonderful opportunity to learn how sophisticated machine learning models (especially deep learning) are being applied in both academia and industry to derive data-driven insights. Great mix of academia and industry presence"

- Abi Comma, Uber

"As a scientist I like to come here and get an idea of which problems I should be solving for other people to benefit from. I get to come and see what do people out in the business world want machine learning researchers to solve for them. Today a lot of people were really interested in the cycle GAN model and I've been given ideas on a granularity that researchers usually haven't looked at and now I have an idea that that's something important we should think about"

- Ian Goodfellow, Apple

Regular Attendees Include:

airbnb · adidas · Allstate · BAYER · Canada canada revenue agency · Capital One · Department for International Trade

Google · LinkedIn · MasterCard · Microsoft · NATIONAL BANK OF CANADA · NETFLIX · NIH National Institute of Allergy and Infectious Diseases

Nike · TARGET · Twitter · Berkeley UNIVERSITY OF CALIFORNIA · UnitedHealth Group · salesforce · verizon

Be part of the AI Summit West

Join us as a sponsor to network with our audience of senior decision-makers and achieve your goals with us for 2024.

The AI Summit West will explore the most cutting-edge advancements in

Deep Learning and AI tools and techniques, bringing together industry leaders, decision-makers, and AI practitioners to share best practices via case studies.

"It has exceeded my expectations from all facets. The amount of greet conversation were having from the booth and the session there are so many people experimenting with AI. I like the community feel here at this event"
- SAS

We hope to see you in Santa Clara
