Don't take our word for it. See what previous attendees say!

"Common machine learning methods are often not applicable in certain real-world settings where data is scarce or very messy. It was great to discuss what works and what doesn't with industry practitioners and applied researchers."

- Anton Prokopyev, The World Bank

"If you have an opportunity to go to one of the AI-Deep Learning events - don't miss it. Go. It's like spending the weekend watching all your favorite movies/shows on the SyFy channel but a million times better; a real glimpse of things to come."

- Audrey Nesbitt, Block Delta

Regular Attendees Include:

Be part of the AI in Finance Summit NY

Join us as a sponsor, network with our audiences of senior decision-makers, and achieve your goals with us for 2024. The AI in Finance Summit NY will explore the most cutting-edge advancements in AI & Machine Learning and their adoption in financial services to increase efficiency

"We have been working with RE•WORK since their Deep Learning event in London in 2015. The RE•WORK team assembles best-in-class content and attendees... They are the best value in conferences for Artificial Intelligence and I highly recommend partnering with them"

- Sightline Innovations

We hope to see you in New York
